

Flagship document vol.3

Summary

We will recharge and revitalize the action!

Water Policy Journal (Special edition) Vol. 3

Memo of discussion

- **HELP members will approach specific individuals/ organizations/ networks to write contribution to specific cases**
- **Potential cases: Japan, the U.S.A.(Mississippi), Nile (South Sudan), Philippines, Paris, Latin America, Mexico, Paris (OECD), China (Three Gorges), Bangladesh...**
- **HELP member organizations such as UESCO can approach, e.g. Latin America, through its network (IHP, etc.)**
- **Flooding, geological disasters, and droughts can be covered**
- **A few cases of economic analysis involving infrastructure (e.g. dam failure and urban retention) are possible**
- **Not only mathematical analysis but social analysis (e.g. using local narratives) is possible**
- **Target month: Draft articles by September (12 articles?)**
